## Work begins on award winning city centre housing

Construction on the first phase of a major housing scheme in Derby has started this week on the corner of King Street and St Helen's Street of 180 eco-friendly

apartments built for sale and rent.

The scheme was awarded a £2m grant three years ago by Derby Cityscape, the urban regeneration company, and the Homes and Communities Agency and has been held up by the crisis in the residential market. The first phase, due to be completed by August 2010, will involve the construction of 40 apartments available for rent - 36 two bedrooms and 4 one bedroom.

Derby Cityscape Chief Executive John Cadwallader explained: "I'm particularly pleased that the new homes will have an EcoHomes rating of "excellent" which will help put Derby at the cutting edge of environmental sustainability."
